### BVRC Subscriptions 2015-2016

BVRC club year started on 1<sup>st</sup> November, so it is time for annual subscriptions renewal.

Rates have increased slightly from last year's level and are £32, for Riding Members, but remain at £12 for Non Riding Members.

**This is your last chance to claim a £7 discount on a subscription for riding members, a bargain at £25.**

**The offer expires on 31<sup>st</sup> December 2015.**

The reduced rate of £25 will apply for second and subsequent members of the same household.

No discount is applicable for non-riding members, as their rate has not increased for many years.

You will need to renew your subscription if you wish to take advantage of the reduced cap when hunting with the RA Hunt.

Please fill and return the membership renewal form, sent out earlier or on BVRC website [www.bvrc.co.uk](http://www.bvrc.co.uk), to **Debs Scothern** (address on form).

Subscriptions may be paid by cash or cheque (made payable to Bourne Valley Riding Club) **or using PayPal via the website [www.bvrc.co.uk](http://www.bvrc.co.uk)**.

Payment by PayPal will incur a small surcharge to cover administration costs.

### BRC Insurance

As a Riding Club affiliated to the British Horse Society, BVRC carries a certain level of insurance cover. It has become apparent that clarification is needed about the insurance cover of individual club members. The policy offers third party personal liability insurance. Members will be insured whilst taking part in activities (riding or helping) organised by BVRC, another BHS affiliated Riding Club or British Riding Clubs office at Stoneleigh. Travel to and from activities is **EXCLUDED**. Members are **NOT INSURED** outside RC activities, e.g. hacking out independently. Further insurance details may be obtained from Helen or calling South Essex Insurance Brokers (SEIB) tel: 0845 450 0634.

**Changes to Hat Standards (BS EN 1384 / EN 1384) from 1<sup>st</sup> January 2016.** Rule will apply at all BVRC ridden events.

Due to a change by the European Commission regarding EN1384 and BSEN1384 no longer being an accepted standard, all hats which only meet the standard EN1384 or BSEN1384, and do not comply with another standard from the list below, **WILL NOT** be accepted and therefore will not be permitted for any BRC events. Hats which bear EN1384 or BSEN1384 along with another standard from the list below, will be permissible. For example, BSEN1384 & PAS015 (1998 or 2011) along with the Kitemark, would be acceptable, but not BSEN1384 on its own.

**IMPORTANT CHANGE FOR THE CROSS COUNTRY PHASE:** Only a "Jockey Skull" complying standards below may be worn for any XC phase. This must not have a peak, any peak type extensions or noticeable protuberances above the eyes or to the front and should have an even round or elliptical shape with a smooth or slightly abrasive surface. A removable hat cover with a light flexible peak may be used.

**HEAD CAMS are strictly prohibited** at any BRC affiliated competition, including use on the head, chest, bridle or anywhere on horse or rider.

Permissible hats standards are:

<b>British</b>	<b>PAS 015:1998 or 2011</b>	<b>} Must have</b>
<b>European</b>	<b>VG1 01.040 (2014-12)</b>	<b>} BSI Kitemarked</b>
<b>American</b>	<b>ASTM F1163:(2004a or 04a)</b>	<b>Must have SEI mark</b>
	<b>SNELL E2001</b>	<b>Must have Official SNELL label and number</b>
<b>Australian &amp; New Zealand</b>	<b>AS/NZS 3838 (2006 onwards)</b>	<b>Must have SAI Global mark</b>

## **BVRC Rule Reminder**

The club doesn't have too many rules, but just as a general reminder to keep everyone on the straight and narrow, here are details of the ones that seem to cause most problems.

BVRC membership is open to people 17 years old or older (with no upper age limit). 16 year olds may compete in competitions and attend any riding event as a member's guest, (with permission of the organiser) but BVRC does not allow under 16's to ride at their events. They do, however, welcome guests of any age at the socials.

Please be aware before you turn up that you bring the right hat with you to every single riding event & competition that we run.

Body protectors (Level 3 - Purple Label year 2000 or 2009) shall be worn for any event involving cross-country jumping and are strongly recommended for show jumping. An Airbag style protector, if used, must be worn over a permitted, level 3, body protector. Riders wearing Exo Body Cage protectors must inform the organiser before commencing any cross country.

Medical armbands are mandatory at BRC & BVRC Horse Trials, Hunter Trials and FoTH competitions **and MUST BE WORN ON THE RIDER'S ARM.**

Jewellery including body piercing components and therapeutic medical devices (wristbands) must be removed. If removal is not possible, items must be covered up by clothing or gloves. This will be done at the rider's own risk.

Suede chaps and half chaps may be worn but must be of identical colour to the boots and have no decoration of any sort. Black or brown polished leather gaiters with matching boots are permitted, too.

Long hair should be worn in a net or secured in such way as not to hang below the collar.

Otherwise there is no particular dress code, it is sufficient just to be "clean and tidy". Correct footwear (no Muckers) is a good idea.

## **British Riding Clubs Rule Book**

British Riding Clubs' Competitions Official Rules book is now available to view online on the BHS / Riding Clubs website. The updated version for 2016 will be available shortly.

All BVRC competitions are run under BRC Rules. Members may wish to familiarise themselves with rules /eligibility and with dress / tack rules. If you want further information on Riding Club competitions rules etc. please visit the British Riding Clubs website which has a wealth of information [www.bhs.org.uk/riding/british\\_riding\\_clubs.aspx](http://www.bhs.org.uk/riding/british_riding_clubs.aspx).

## **Forthcoming Events**

### **BVRC Annual Quiz Night – Friday 15<sup>th</sup> January 2016 at The Lion, Clanville, Nr Weyhill, 7.30-8pm.**

Come to our popular annual quiz, back again at The Lion at Clanville this year. The quiz will include several rounds of questions each on a different topic i.e. General Knowledge, Sport, Entertainment, etc. with equestrian questions mixed in.

A couple of 'beer rounds' will be included to allow us to keep topped up with food & drink. Four or five people can make up a team, or if you want to come on your own then just turn up and we can find a team for you to join.

Gill Young is already creating a list of devious questions, guaranteed to get the old grey cells working and provide plenty of amusement. Due to the worldwide shortage of baby food, Gill will be unable to offer this option, this time.

Come early, order a drink and some food, ready for the quiz to start at 8pm.

### **If you wish to eat you MUST pre-book with the Lion in advance as Friday nights are very busy.**

Details of menus can be found on <http://www.thelionatclanville.co.uk>.

Quiz cost is £3 members, £4 non members. Call Lindsay for more information Tel: 01264 772388 email: [nag@bvrc.co.uk](mailto:nag@bvrc.co.uk)

We are returning to Castle Farm for our Winter Dressage. The classes will be run indoors, with warm up outside, on an all weather surface. The schedule includes a Walk & Trot, two Prelims, one Novice & a choice of a Novice, an Elementary or Medium Dressage Tests. There should be something for everyone, so please send in your entries. ## **This autumn BVRC offered a 'Body - Mind - Analysis' approach to our riding.**

**'Body'** through Gina Hemmings' Equipilates approach to improving our own suppleness and flexibility, in support of our horse;

**'Mind'** through Liz Morrison's talk (& next year's workshops) to understand our thought patterns and take responsibility for what we bring to our riding; and

**'Analysis'** through the Centaur Biomechanics clinic to see our posture and alignment on the horse on video, with the opportunity to address issues straight away. Below is a summary of my experience of all three offerings, which will hopefully motivate you to try at least one of these in 2016 for the benefit of you and your horse.

### **Equipilates course - Gina Hemmings**

Marion Watt, Susie Pool, Sally Shepherd and I attended this 6 week course, together with 2 friends from Wessex Classical Riding Group who ensured the course actually ran.

The initial focus of the first couple of session was 'Normalising before strengthening' - there is no point strengthening our bodies if they are not aligned correctly. This included anti-spasm exercises for hip flexors, stretching quadratus lumborum in the lower back, exercises with the massage balls, opening the shoulders & lengthening our sides laterally (as we want our horses to do in 'correct bend').

Strengthening the Core - previously this has been taught to me in terms of focussing abdominal muscles back towards the spine, something I always found impeded my breathing. Gina taught this more 3-dimensionally to engage the diaphragmatic girdle and I have found this very natural to use throughout the day, as well as in riding. This approach engages the whole body, rather than just the lower back.

In the last 3 sessions Gina gave us various breathing exercises and broke down the half-halt through neck, shoulders, hands as we took turns being horse and rider with thera-bands. She also gave us more traditional Pilates exercises to strengthen our core, increasing suppleness on the mat, core strength on the gym ball and culminating with balancing on the roller in jumping position & standing position.

As a consequence of attending Gina's course I feel more aware of my seatbones, back, elbows & shoulders when riding, feel more balanced & deeper in the saddle, with a more consistent contact. My ponies feel more attentive and I have absorbed the occasional small spook much more easily.

Many thanks to Susie for coordinating this course with Gina. We have all signed up for another 5 week course starting early January to build further on what we have learned.

For more information on how Gina can help you please go to: <http://www.physiogina.com/>

### **Mind-Body-Body-Mind - Liz Morrison**

A very engaging, interactive evening with a highly observant, insightful coach. It was noted how many non-club members were present - clearly the talk resonated with many people!

Liz started off asking us to think about our best experiences with horses and our worst, capturing key words used to describe these around the room, to connect us with what was important to us in our relationship with our horses.

With the help of a Horse glove puppet Liz reminded us of equine priorities - safety, food, reproduction - and the importance of the ears....I'm sure, in our riding since, those who attended the talk have all been watching whether we have an ear back on us most of the time, and if not, doing something to get it!!

In discussing various scenarios put forward by the attendees, notably - "Spook - Panic - Fall off" - Liz used her vocalising Sheep to highlight any negative words or beliefs in what was being said - the 'Baa's' sounded quite frequently at one point! The Sheep highlighted where we create negative beliefs about future events & competitions and how our brains get to work to fulfill this instruction. Better to always have positive images and instructions going into our brain for it to work on, rather than negative ones....

This requires awareness and practice to **take responsibility** for what thoughts run through our head, which then translate into our riding. Fortunately Liz will be running Dismounted Rider workshops in 2016 to help support us in this. I will be coordinating these for BVRC on behalf of Liz - more details in the New Year.

### **Centaur Biomechanics with Russell McGuire - Castle Farm, 12th December**

Having not ridden much over the preceding weeks (Equipilates taking one of my riding slots!!), and grabbing Teddy out of the field in the dark, it was good to know we were merely travelling to a useful, insightful session, regardless of the amount of mud on my hairy pony, rather than a dressage test!! It also meant Russell was seeing us 'not at our best', which was a good start point.

Russell watched me ride around on both reins, then I put the jacket on with lines on the back and arms to show vertical/horizontal alignment and Teddy had two spots put on his pelvis. Russell then videoed us travelling down the centre line on both reins, and circling in trot.

Watching the replay it was clear to see where I had a slight rotation to the right and how this may translate into Teddy's stiffness on the left rein (as well as him being naturally right-hoofed). Nice to be told I looked evenly balanced in my seat. A short lesson trotting around Russell on the left rein to get my left shoulder back, left leg active, right hip forward and feel the change in Teddy as a result. Then figure eights to change the bend frequently. I could feel Teddy stretching through his right side more and he was able to soften at times.

Being able to see Teddy and me on video, have a short lesson and then feel the improved Teddy/watch the second video was hugely valuable. For the price of 2-3 lessons, the 45 minutes with Russell gave me much to work on through this winter, both in a school and out hacking, to set us up for more balance and suppleness in our riding together.

Many thanks to Marion Watt and Susie Pool for organising this session.

For future Centaur Biomechanics clinics please contact Marion on 07860 845774 or email [marionwatt@hotmail.com](mailto:marionwatt@hotmail.com)

and for 1-2 day Biomechanics courses please look at: <http://www.centaurbiomechanics.co.uk/courses-and-dates>

As you read this I'm sure at least one of these options will resonate with you as to how you can move your riding and relationship with your horse forward in 2016. I trust you choose to invest in at least one of these and we look forward to seeing the results at a BVRC event sometime in 2016 !!!

Wishing you all the very best to you and your horses

Fiona Webb

### **BVRC Hunter Trials at Larkhill on 1<sup>st</sup> November 2015** report by LKH.

Entries trickled rather than flooded in and by close of entries, even with 120 rounds, financially, we were only at breakeven point. Despite our best endeavours, it is amazing how many people only discover the event is on after close of entries. I suppose we should be grateful because the late comers provide the much needed revenue. Eventually, there were a good number of competitors ensuring a good days competition. Even though every member was contacted requesting help, insufficient numbers offered to fence judge. Facebook came into its' own and several complete strangers responded to our pleas for help. Some seemed really pleased to spend the day at Larkhill.

A good few helpers arrived to set up on the preceding day. The weather was glorious in stark contrast to last year, when the gazebo took off, with three of us attached, and wrapped itself around the point-to-point railings. Setting up was easy!

The course looked terrific and the going was perfect - all set for a good day.

It was a bit of a shock to awake to thick fog. On arrival at Larkhill, it was problematic navigating to the secretarial gazebo. The course was invisible from there. From the XC start it was possible to see just beyond the first fence but not much further. The loo at the far end of the warm up couldn't be seen either. It rather scuppered my fence judge briefing. On the basis of the weather the previous day I was going to offer suntan cream!

It was deemed safe to start the event and gradually the fog disappeared, although the promised sun never materialised.

It was a great day with many happy smiling faces. What could be better than an exhilarating ride around a cross country on a mild November day.

We received many thanks and congratulations on a friendly, efficiently run day.

Many thanks, as always, to the willing band of helpers. Without them, we would not be able to run the event, and the club would not be viable
