It seems like it has been a long busy arduous summer. Maybe this is a reflection of the feeling as a result of organising the Horse Trial in June.

**Where were you all????** (I apologise to those who did help us and those stalwarts who let us know they were unable to help). Despite all our pleas for your help, very little was forthcoming. To the extent that, without external help and help provided from other clubs, we would have been unable to run the Horse Trials. What is most disappointing is that often members contacted directly by letter, email or telephone don't bother to reply or respond in any way. Surely you can spare a little time. This is your club and events do not run themselves. We cannot continue the high level of club activities without your help. All too often it is the same people who give up their time for your benefit.

The efforts involved in drumming up support for the Horse Trials and the stress resulting in uncertainty of whether we have enough fence judges to safely run the cross country, all takes its toll. Thoughts of other summer activities were shelved as energy levels / enthusiasm was sapped by the Horse Trials experience.

Please keep this in mind when future requests for help are put out. We operate as a team and there is always help, advice and full briefing available before you are expected to do an unfamiliar job. You never know, you might even enjoy the experience.

There is lots of catching up to do with reports and results from past events. Autumn events are still to be planned but be assured there will be plenty on. LKH.

### Forthcoming Events

#### **NOTE: DATE CHANGED FROM THAT PREVIOUSLY PUBLISHED** **BVRC Hunter Trials now on Sunday 9<sup>th</sup> November 2014**

##### **BVRC PARELLI FREESTYLE RIDING, Saturday 1st November, Tidworth Equestrian Centre (venue TBC)**

If you are interested in how to achieve more responsiveness & lightness, using less rein to turn and stop, and getting more in tune with your horse, come along and try some Parelli Freestyle Riding. This session will be run by 3\* Instructor, Sarah Wearing. Cost £22  
Contact Sarah if you wish to take part Phone: 01264 771505 / Mobile: 07764 151545 email: [sarah.wearing@artofbalance.co.uk](mailto:sarah.wearing@artofbalance.co.uk) or reply slip.

##### **BVRC Hunter Trial Sunday 9<sup>th</sup> November 2014 PTP Racecourse Larkhill**

Course heights range from 2'6" and 2'9"-3' to 3'3". Pairs classes have been included at the first two heights. We don't have gates, a timed section or knockdown fences. In the event of equal jumping penalties, winners are decided by the best judgement of pace riding at an optimum speed over the whole course. It will be a good day. Please get your entries in early. In the past we have been oversubscribed had to turn entries away. Needless to say, if you are not riding, we would welcome your help fence judging. Ella Birch will be in touch shortly with the usual pleas, but if you don't hear from her and are able to help please email or telephone Lindsay to offer your services.

##### **Instruction**

Instruction dates will be published shortly.

##### **Hunting**

The club has taken out subscription to the RA Hunt again this year. This will enable club members to drag hunt up to 4 times during the season (from November to April) for a reduced cap of £20.

Autumn hunting has started. All are welcome to attend as many times as you wish with a cap of £10 payable in September and £20 in October.  
Secretary: Ali Wilson 01264 773191 or [alisonchesworth@yahoo.co.uk](mailto:alisonchesworth@yahoo.co.uk). Ring Ali for details of meets, times, parking, dress etc.

**Don't forget to take your membership card to claim the reduced cap, once main hunting starts.**

Contact Ali if you would like to receive regular details of events run by the RA Hunt & RA Hunt Supporters Club.

### **BVRC Guided Rides for members ONLY**

We would like to set up a network of guided rides for members.

Are you able to host other club members on a guided ride in your locality enabling them to explore a different area?

Would you like to ride in a different location accompanied by someone who knows the area?

Victoria Smith is co-ordinating the rides pairing up hosts with guests.

If you are willing to be a host, please contact Victoria with your location, the number of riders you can host at one time, normal availability and numbers of vehicle parking, together with the duration of rides

Please return attached reply slip /email or phone Victoria 07789 004364 / email: victoriakershaw@hotmail.com.

Although due care and attention will be given, it is understood that rides are undertaken at the rider's own risk.

### **BVRC Fun Ride Mates**

Victoria is also available to pass on details of anyone entering a local fun ride who wishes to share the experience with another club member.

If you are attending a fun ride and want a companion, please let Victoria know.

## **REPORTS**

### **My "Lancelot" Experience** by Jo Buist

Anyone that knows me would probably be a little surprised that I signed up for this but I, like the rest of us, have become bored of doing the same old ride around the roads just recently because everywhere else is impassable due to floods and storm damage. Half an hour on "Lancelot" and then half an hour for Maisie in the school? She isn't very fit but she is fit enough to cope with that! Besides, I have a 3 year old to be backed a later this year so a little "me time" will benefit him too. So last Saturday was fine and sunny. yes really! Off I headed to Tammy Weal's yard at Pitton. There were only two of us signed up, myself and Susie, so we were paired up and as I hadn't had the Lancelot experience before, I went first. Tammy assessed my position whilst stationary, adjusting my legs, hands and seat before we started moving. It is surprisingly hard work riding a mechanical horse. legs back, thighs and knees down, hands up and together, chest up, thumbs out! We did some exercises. Yoga on horseback! Then it was Susie's turn whilst I had a little rest. Then out to the school to apply the same principles to our own horses. One very confused Maisie! But 20 minutes in we were both getting the hang of it and were feeling pretty pleased with ourselves. "Right, now I'm going to give you some exercises! Cross your reins and put them in the opposite hands!" Hmmm, this could all go horribly wrong "Oh and I want you to do it in sitting trot". In my defence, I only steered her into the fence once and it did help me keep my hands together.

In summary, we definitely got our monies worth as we were riding for well over half an hour but with plenty of breaks in walk for my slightly unfit and slightly porky pony. The few times I have ridden her since I have practiced what I learnt which has given me a bit more incentive to do the same dull hack and she really seems to enjoy me trying a bit harder and prances along pointing her little toes. It's a long time since I concentrated just on what I am doing but we all get into bad habits so it was good to go back to the basics of getting my position right and I will be signing up for the next session to consolidate things. This clinic isn't all about boosting your confidence so if you think you are perfect it's probably not for you ;) but it was fun and informative and something a little bit different.

### **BVRC Annual Quiz 10<sup>th</sup> January 2014 at The Boot, Shipton Bellinger**

The annual quiz proved as riotous as ever. It was just a pity that the attendance wasn't up to the usual numbers.

Whether this was because everyone was still in the post Christmas recovery period, or the new venue in Shipton Bellinger proved far too difficult to find, we don't know.

I grew up in the village and was always told it was the back of beyond. This isn't the case these days with modern transport links. In practice it is very centrally located and in a recent survey, Shipton was voted best village in Britain, so that should put it on the map.

Six teams contested the innovative, challenging quiz. It really made the old grey cells rattle. Nearly everyone had an excellent meal before the quiz started, but that didn't stop some finishing every scrap of baby food in an attempt to identify the ingredients, or that was the excuse given.

Thank you to Gill Young for devising an entertaining (devious) quiz and to her able assistant Dee Hodson

## **BVRC Spring Dressage on Sunday 13<sup>th</sup> April, 2014 at Amport Riding Centre**

The Spring dressage was once again held at Amport and for the second year running we were treated to beautiful weather and this year near perfect going.

Although the turnout was relatively low including a number who failed to turn up on the day without warning, we ran two arenas and a total of nearly 6 hours of tests.

The judges praised the standard of competition especially for the latter classes likening combinations to affiliated standards and competitors were pleased with the awarded scores and the opportunity to be judged by experienced listed judges.

Thanks go to the volunteers who kindly gave up their time to allow the event to run and to Richard as always for permission to use the facilities at Amport.

## **BVRC Camp – Stockland Lovell, 28<sup>th</sup> April – 1<sup>st</sup> May 2014**

There's the saying 'time flies when you're having fun'. Well this certainly applies to Camp. It's a bit like looking forward to your summer holiday for months, for it then to fly by in a flash. This year was no exception! Twenty three happy campers and twenty six horses arrived at Stockland Lovell on the Monday afternoon.

First instruction session done and dusted, we met up in the stables before supper and introduced ourselves and our horses to each other, as well as handing out the instruction plans, which always causes a lot of chatter and exclamations! Having been told that there were new caterers at Stockland Lovell I was relieved that the food was up to the usual high standard – phew! I always say that we only go for the food!

Our instructors this year were Ian Wright for flatwork and cross country, Nic Norman for Gridwork and Show Jumping and Diana Burgess came down again to do Cross Country for a day. We haven't used Ian before but he proved to be a jolly character, always caring to ensure we took something away from each lesson. He was keen on using lots of analogies in his teaching like thinking of your horse as an articulated lorry – the head is the cab and the body is the trailer. So when you halt you have to control the trailer with your legs otherwise you won't park/halt straight. And you need to sit back in the saddle and tuck your bottom under, so that if you fart it comes out the front!! He was also keen on counting the rhythm of paces, helping you tell if you're going too fast or too slow. Nic was again brilliant in the jumping arena, setting us up helpful progressive grids to get us going and mini show jumping courses to join it all together. She's so enthusiastic you can actually see her trying to jump each jump with you. Everyone loves her way of teaching. There were lots of happy riders coming in off the cross country from Diana's sessions. One horse made an early trip back to the stables at a gallop as Jo Phillips and her mount parted company after it was frightened by the 'explosion' of her air bag canister going off after she'd been jumped so far out of the saddle. He was hotly pursued by Hannah Sykes on Bella as she rounded him up and took him back out onto the course. We're grateful to Diana for coming down and providing some continuity to the teaching at home.

After supper on Tuesday some of us met up in the lounge for games organised by Celia Scott. We played 'Horse' (a horsey version of a beetle drive) and bingo. Rachel Fraser thought this was a rehearsal for us for our later years in the care home!

The facilities at Stockland Lovell really are great and there is always a lovely relaxed atmosphere. One of my favourite times of day is first thing in the morning when everyone is feeding and mucking out their horses before breakfast. It's a hive of activity and great to be greeted by your horse asking where his breakfast is (mind you knowing Timmy he'll be asking anyone that passes where his breakfast is!).

We were pleased to welcome Sam Shepherd on Wednesday as he came down for the day to ride his horse Barney. Sam's wife Sally was already at camp along with Sam's sister Claire – all the way from Yorkshire! Claire thinks Bourne Valley 'ROCKS' and is going to become a member. Gill Young's quiz on Wednesday evening was again great with just the right level of questions and a couple of 'silly' rounds including a treasure hunt and writing a limerick. There were lots of giggles (alcohol induced in most cases) and it was great fun.

Thursday came round all too quickly and we were packing up ready to leave after lunch. Judging by the tired smiles and comments I think a good time was had by all. I certainly enjoyed it – again! I must say thank you to Katie Mortimore and Lindsay Hills for their work behind the scenes, processing the applications and tackling the instruction sessions and booking the instructors.

We've booked for next year so start saving.....!

Sandra Groves

And the day dawned fair.... and so it continued - all weekend! What a pleasure it was to be out in the fresh air with just a touch of breeze to keep the flies and temperature down, watching the competitors arriving from 8am filling the showground with optimism and enthusiasm. A bumper crop of entries meant a busy day for the small army of staff ensuring everything ran to time. Eternal thanks to them; it really couldn't happen without their dedication of time and effort (I feel a Churchill moment coming on: 'never was so much owed....'). All points for the competitors and helpers have been recorded into the Be Fair and Caballine competitions so rosettes all round to come later in the year.

Thanks also to the competitors' patience for the results; I'm not sure if it is appreciated that there are actually three classes being scored at the same time and the secretarial team do need their cool heads to make sure the scoring is accurate and the deluge of 14 classes' worth of rosettes to 10th place can become a kaleidoscope in the Larkhill breeze! Special thanks to Jane Butler who made the mistake of saying 'I've finished competing, is there anything you'd like me to do?' The stapler has still not recovered from her energetic fastening techniques but a small price to pay I think for the entertainment provided!

The wayfarer prize for the day goes to the ice-cream van who we think should have been at Queen's Building but as he was doing such great trade stayed with us anyway! The Secretary was kept supplied by grateful competitors with lemon meringue ice-creams while the organiser's yummys were eaten by others as her hands were full piloting the executive bicycle - it was riding but not in the way I'd prefer! Ho hum.....

Another great day for BVRC, thanks and regards to all and see you over the summer I'm sure. If you've had a great day too, please think of volunteering before, during or after the upcoming Horse Trials or any other competition to show your appreciation. There'll be a rosette in it one way or another!

## **BVRC Unaffiliated Horse Trials & BRC Area 17 Horse Trials Qualifier, Knighton Down, Larkhill on Sunday 15<sup>th</sup> June.**

Based on last year's numbers (60-70) at the Area 17 Horse Trials Qualifier, I decided that it would be possible to incorporate the qualifier into BVRC annual event. This would boost numbers on the day and have the added bonus of not having to run two separate events, a month apart. Course Country fence heights for the qualifiers run at 80cm, 90cm & 1m, but I felt it was important to preserve the class traditionally run at 75cm. I was not prepared to include the qualifier at the expense of BVRC members just starting out. I knew it would take a lot of juggling to pull it off successfully, but 'what the hell'. With the co-operation of Bryan Elliott, Larkhill contact, in principle, we would be able to conjure four XC courses rather than the normal three. It was all systems go.

Best laid plans – notice of intended entries for the qualifier revealed there to be 110, not the expected 60-70. This was well over half of the maximum capacity of 185. Entries flooded in for BVRC classes, in fact it was more of a torrent. The event was oversubscribed by about 50 entries. I hate turning people away. I kept waking in the middle of the night with schemes to accommodate more entries, like starting an hour earlier. I have always refused to schedule riders beyond 5.30pm because I don't regard as fair to anyone, competitors or more importantly, helpers. In the cold light of day I would re-assert the original time planning. Again, it unreasonable to expect helpers to arrive at 7am.

Planning and organisation proceeded as usual. Sorting out helpers was a bit of a nightmare. Participating clubs were required to provide helpers. It served to highlight the inability to read instructions, fill in forms, remember what was entered on forms or fulfil commitments.

Obviously this is a sweeping generalisation, but it interesting that the behaviour of the minority colours the judgement about the majority.

I had another nasty moment in the build up when the caterer phoned to say she wasn't sure she would be able to come as her vehicle had broken down. I envisaged 185 hunger and thirsty competitors and was trying to conjure up Plan B. Luckily, all was well, the vehicle restored to health.

We set up quickly and easily on Saturday and I returned home to complete preparations and paperwork for the following day. I had got behind because, unexpectedly, I had to work on Thursday evening – time set aside for Horse Trials.

I underestimated the time it would all take to complete all the tasks and finally took to my bed at 1.30am, not really having completed everything to my satisfaction.

I rose at 5.30am to give me time to get to Larkhill by 6.45am, ready for the day's competition.

It all ran very smoothly with very few hiccups. Fence judges from other clubs were still trying to swap morning & afternoon slots and generally using their initiative rather than following instructions or asking for guidance, but with few incidents on the cross country we were able to complete the competition 10 minutes ahead of schedule.

On the day, my job is largely done. I hand over to a band of very efficient team leaders who run the event on the day. I am usually to be found dozing in a quiet corner. Many, many thanks to team leaders Ros & Celia (secretarial), Fiona (dressage), Helen M, Victoria, Kim (SJ), Pete (XC), Ella & Fiona (FJ), Susie, Sandra (scoring) and anyone who assisted them. Special thanks to Sandra for finding and booking 10 dressage judges & writers and other dressage helpers. We couldn't run an event like this without you all.

## **BVRC Show Jumping on Sunday 6<sup>th</sup> July 2014**

Despite our best endeavours we were unable to run this event. With few helpers available and even fewer entries it was not a viable venture. Although we do not need to make a profit on all our events, consideration has to be given not only to the revenue, but the amount of time and effort involved in setting up and running a Show Jumping competition.

Easter Saturday was a very long day at the Combined Training Qualifier with 14 senior teams competing. Louise and I rode Prelim 18 and did a 75cm SJ round and Susie and Philippa rode Novice 30 and jumped an 85cm round. Dressage was outside and the jumping indoors and it was the first time at the Crofton venue for some of us. The facilities there are great with lovely surfaces to ride on. Whilst not riding, we had to help at the event by collecting dressage score sheets - a job done mainly by Lindsay Hills, thank you.

I think we held our own and got some good arena placings - Susie in particular. As the day unfolded, we thought we were in with a shout of a place. The final results were calculated whilst those of us left at the end of the day helped pack away the show jumps. Then as the rosettes were awarded we were thrilled to hear we'd finished in second place. We'd got the same team total as the Isle of Wight but our fourth member team score came into play and Louise's 6th beat their fourth persons 10th. Chilworth won and due to the number of teams competing, we also qualified for the Championships at Aston le Walls, held at the Festival of the Horse weekend at the end of May. Great as we also have a FoTH Challenge team and individual competing. However, as I write the Championships have fallen foul of the weather and have been cancelled. Guttered!!

Well, having made more Dressage to Music entries than for a number of years, it didn't really go as planned. Unfortunately Sam had to withdraw her 2<sup>nd</sup> horse, on which she had intended to do the Novice with points and Elementary Freestyle tests. On the Friday before the competition we had arranged to meet up at Castle Farm to run through our invented tests in their 20x60 indoor school. Poor Sam never actually managed to ride at all, as while she was leading her young horse round introducing him to the surroundings, Rocky decided he had to join us and got hung up on the lorry partition in the attempt. Sam called the Fire Brigade for assistance and her vet, so while I was blissfully unaware indoors, trying to get my movements to fit my music, she was dealing with the horrors of her beloved horse being stuck over a partition. Everyone did an amazing job and the hunks from the Fire Brigade physically lifted out the anaesthetized horse between them, who was then allowed to come round in the safety of the indoor school. They all did brilliantly, and I recalled the talk given by Hampshire Fire & Rescue to BVRC a couple of years ago. Huge thanks also go to Vanessa Vernon for the help, support and importantly, stables for Sam's young horse and the recovering Rocky while transport home could be arranged – a certain amount of dismantling had had to be done to Sam's lorry.

For me, the day, or rather night, got significantly worse. Soon after midnight I received a call from the hospital where my mother, Barbie Clarke, a stalwart supporter of BVRC, had been since Tuesday. My brother and I spent the rest of the night at her bedside till she passed away on the Saturday morning.

Although no serious damage was done to Sam's horse, he was obviously not fit to compete, which left the young (but enormous!) Vinnie in the Novice Freestyle – no points, and me with Humphrey having to do the Novice – with points. Although Humphrey doesn't have any points, he had to compete in the "with points" class because last year I became a Grade 6 rider with BD, having had lots of fun with Marion Watt's Jazz doing Novice and Elementary tests and accruing a few points on the way. Poor Humphrey, although it all seemed totally irrelevant to me, but I had decided to go anyway as there was nothing else I could do on a Bank Holiday Monday, and 2 Club members had given up their day to act as officials on the day – thank you Vicky de Candole and Ali Welsh. All I can say about the day for both of us was that it happened; we did our tests and were unplaced.

Despite the fact that the Area Horse Trials was on our doorstep at Larkhill and being run by Lindsay, I had fewer applicants for the Area Horse Trials than I've had since I became Chef d'Equipe. It just wasn't to be our day again, as we seemed to have more than our share of bad luck. Several of our members had problems with their satnavs and poor Gemma didn't even make it to the dressage as something seriously upset her horse and she was badly concussed from a resulting fall. The best we could manage all day was two 6<sup>th</sup> places by our individual riders in the 90 and 100 Classes, so no trips to the Championships this year.

Again we had very few applicants for the Summer Dressage and at the last minute filled the Open Team but the Prelim Team had to go with a team of 3. It was good to see some new faces riding for BVRC amongst some team stalwarts. It was a very hot day at Pinkmead, near Botley and riders were given permission to ride in shirtsleeves. It doesn't usually happen very often in this country so we tend to be caught by surprise, but it is worth remembering that when riding in shirtsleeves for dressage the shoulders must be covered, ie the shirt must have sleeves, either long or short. Our now rosette for the day went to Frances Hall and the ever dependable Trowan Max in the Prelim Riding test as an individual. They were unable to match that though in their first (team) step-up to a Novice test. The others showed some very good movements but were unable to maintain the consistency throughout their tests. With no volunteers coming forward, Lindsay and I filled the official slots which enabled our teams to compete.

### **Meredith Baker – TREC Championships**

Meredith was selected to represent Team GB at the World Young Riders TREC Championship being held in Italy in September.

TREC is a competition made up of three parts, the main part being orienteering on horseback, along with control of paces and an obstacle course. TREC was first developed in France in response to demand from the equestrian tourist industry as a way to test the expertise of equestrian guides. The sport quickly grew to accommodate all levels of rider and spread internationally under its French name Technique de Randonee Equestre de Competition (TREC).

The British Horse Society introduced the sport to the UK in 1998 and BHS TREC was born.

TREC is a challenging and enjoyable equestrian sport based on skills required for hacking – navigational competence, control of horse's paces and the ability to tackle a variety of obstacles.

Meredith competes at Level 3, which takes around 4-5 hours to complete the POR section. She has only been competing seriously in TREC competitions since last year.

Meredith's partner, her horse Miz (Miseria), is a Criollo and is regularly used for the Abbotts Ann Riding for the Disabled group where Meredith is a volunteer.

In August Meredith said she was really looking forward to the experience and had already received her Team GB kit. Transport arrangements were all sorted for Miz, so it was all very exciting.

We look forward to reading a report in the next newsletter.

### **Barbie Clarke 1925-2014.**

It is with sadness that we pass on the news that Barbie died in May.

Barbie lived life to the full and what an active adventurous life it was. We were fascinated with her tales of riding, sailing, boating, flying & gliding – she didn't waste a moment.

Since her move to Porton 10 years ago, despite her advancing age, Barbie became a very valued member of BVRC. Always the first to volunteer to help, Barbie was very happy to undertake any & every job, probably the one where she was most needed. She always performed a vital role in proceedings.

A great ambassador for the club promoting it to the outside world, Barbie keenly followed club events offering support and encouragement.

Barbie was also well known for her BHS Hampshire role, tackling & resolving many bridgeway issues. Many are indebted to her.

Our sympathies are with Susie and her family.

### **Wild Lone**

Our thoughts are with Charlotte Opperman, owner of Wild Lone, who died after completing an exemplary course country round with Harry Meade at the World Equestrian Games.

Harry and Wild Lone were featured in the Spring edition of Rider magazine, which chartered Harry's recovery from severe injury and Wild Lone's part in his return to top class competition.

Described by Harry as the best Cross Country horse in the world, Wild Lone came into his own in the difficult conditions at Badminton this year, securing a fantastic 3<sup>rd</sup> place. Selection to WEG team followed as cross country conditions were predicted to be akin to those at Badminton.

We will remember Wild Lone making cross country courses look so easy and enjoying every moment of them.

## **Winterslow Bridleway Clearance 1<sup>st</sup>/2<sup>nd</sup> November**

Nick Cowen of Wiltshire Council and his clearance team are a two-man band now due to financial cuts, so keeping bridleways cleared throughout the south of the County is a slow job.

Walkers are now being encouraged to help by taking part in clearance days organised by a volunteer coordinator employed for 18 months by Wiltshire Council. This volunteer coordinator, Abby Sullivan, would very much like to involve horse riders as well.

SO- in my capacity as the BHS access rep for Salisbury I met Abby earlier this week, and she suggested that she take on the task of organising a clearance day for a bridleway, with my help to provide contact details for interested riders as she has no riders on her database, only walkers.

We fixed on Saturday or Sunday November 1 or 2 2014.

Abby will send out an official invitation to clear a bridleway of our choice on that date. I suggest the Winterslow to Livery Road one, but any that needs it, including a byway, can be considered. Abby will attend the day, and we will be insured by the Council to use our handtools, or powertools if you have an official safety certificate (!).

Let me know if you are interested, and I can pass on your email addresses to Abby. If you have any other riding friends who would like to join, let me know and I can put Abby in touch with them as well.

### Countryside Alliance Call for Help and Cheltenham Countryside Race Day Coach trip - Fri 14 Nov

We have been asked if the Hunt might run a coach to the Countryside Race Day this year -Friday November 14th. However it will require that we fill the coach (30 people). The estimated cost including entry to Club/Tattersalls will be £37.50. First race 1.05pm, last race 3.50pm. For Countryside Race Day the CA have also put out an excellent "offer" (see below from Sara Rutherford) in terms of free course entry in return for 2 hours "voluntary labour".

*From the Countryside Alliance: This is an early call out for helpers at the Cheltenham Countryside Race Day on Friday 14<sup>th</sup> November to assist with our Champagne Raffle. I am looking for helpers to sell Champagne Raffle Tickets on the day around the Course (selling area will be briefed) for approximately 2 hours. There will be a rota for helpers and each helper will be given an entry ticket to the course for the day. Could any interested persons please contact me [Sara-rutherford@countryside-alliance.org](mailto:Sara-rutherford@countryside-alliance.org).*

CA volunteers will be welcome to join the coach if we are able to run it and pay only the transport element. Please contact Pam Baker 4 Windsor Way, Alderholt, Hants. SP6 3BN [Pamela.baker@solent.ac.uk](mailto:Pamela.baker@solent.ac.uk) or Tel 07747 766157 to book. Payment must be received by October 14<sup>th</sup> to secure a place. Cheques payable to Central Bank HQ RA. Estimated departure time from Larkhill area 9a.m; leaving Cheltenham c 4.15pm.
